Summary

Software Engineer with 4+ years experience in building scalable full-stack applications, optimizing backend/database processes, and designing scalable automated CI/CD workflows.

Work Experience

Software Engineer

Jul 2024 - present

M&T Bank | Buffalo, NY

- Designed and automated robust ETL pipelines by implementing GitLab CI/CD with JFrog Artifactory, custom Docker container images, and centralized Microsoft SQL Server Integration Services (SSIS)
- Tuned large-scale SQL databases by implementing optimized indexes and table partitioning, decreasing query execution time by 90%
- Configured and deployed Automic job schedulers to automate batch processes, fully eliminating manual job execution and reducing operational errors
- Built responsive front-end user interfaces (UIs) for an internal auditing application using Angular, while supporting backend operations with microservices to deliver cohesive, full-stack features

Technology Development Program Engineer

Jul 2022 - Jul 2024

M&T Bank | Buffalo, NY

- Developed full-stack features for an internal banking tool using Angular, .NET C#, and ASP.NET Core, allowing bank staff to manage beneficiaries and toggle stop payments
- Ensured strict regulatory compliance and system efficiency by building data validation directly into the user interface and backend.
- Integrated SQL Server databases with PowerBI reporting dashboards to create automated metric-tracking systems for internal banking services, providing actionable insights on internal customer servicing metrics

Software Intern

May 2021 - Aug 2021

Distributed Robotics and Networked Embedded Systems Lab | Buffalo, NY

- Contributed to the development of a Distributed, modular, Visual SLAM system for advanced navigation (DARVIS Project)
- Implemented visualization actors to process coordinate positions of standalone robots

Skills

Languages: JavaScript, Typescript, Python, C#, SQL, YAML

Technologies: Angular, SQL Server, SSIS, .NET Framework, ASP.NET, Docker, Automic, Artifactory, GitLab, Power BI, Jira, Confluence

Education

University at Buffalo, The State University of New York

Bachelor of Science in Computer Science

GPA: 3.76 | *Summa Cum Laude*

Aug 2018 - May 2022
